

Hello Year 2 - I hope that you are keeping safe and well!

This week, I have done lots of different things so I can't remember them all! My favourites are playing games online with my brother, getting back into cycling and making tasty meals.

My theme for this week is going to be:

Growing Strong!

How tall is your plant now?
I am looking after Holly's bean and it is now 22 cm tall.
Are any of yours taller? How much taller are they?

On our trip at Hilliers Gardens, we learned that the weather can help and hurt growing seeds.
Make your own weather diary for this week. Is it sunny, cloudy, rainy or something else? Is it hot or cold?
Which day has been the hottest?
Which day has been the coldest?

Everyone needs food, water and air to survive.
I have been able to spend more time cooking but have tried all of my normal recipes. Could you have a go at helping your parents or carers to cook and send me the recipes please?

What do you want to do when you grow up?
Draw and write your ideas - don't forget to tell me why you want to do it!!

I have been exercising at home by cycling but I also need to practise jumping and hopping.
What jumping and hopping moves should I try?
Tricky Challenge:
Tell me how many I need to do and in which direction (for example, 10 frog jumps forwards)

Well done to everyone who has tried Bug Club, My Maths and Manga High. If you need help logging in, please let me know!

Don't forget to send your pictures and examples of your wonderful home learning to year2@swaythlingprimary.org!
