

Hello Year 3!

I hope everyone has had a good week at home and is staying happy and healthy. I don't know about you, but this week I have started really missing being able to go and do things outside the house. I am trying to make sure I do something different every day to make it more fun, like making up a new game, doing some chalk art or making Easter nests. I'm still doing P.E. with Jo and am starting to get fitter and stronger which feels really good too. I've also been reading some great books like Varjak Paw, which we've got in our classroom - maybe you could read it when we're back at school. And, of course, I ate a lot of chocolate on Easter Day 😊

I have really loved seeing what you have been up to so far, so please don't forget to send your pictures, examples of wonderful home learning and any questions to [year3@swaythlingprimary.org!](mailto:year3@swaythlingprimary.org)

My garden in the garden

Galaxies

Can you create a game to play with other people at home?

Think about what you have that you could use... I found some pie cases and made them worth different points, laid them out so the most difficult was hardest to get, then used counters from another game to throw in.

You could use a tally chart to record the points then count in 5s to find the totals.

It is still the Easter holidays so I'm not setting any new home learning online, however you can still complete activities already set and play the games on...

Times Table Rock Stars, Manga High, MyMaths, Numbots, Education city and Literacy Planet.

Creative Corner

Pick a spring flower and draw it. Try and draw it much bigger than its original size and observe it really closely - you will notice lots of details you never knew were there.

Look at the different blues and purples in this bluebell. Can you see how the purple gets lighter towards the end of the petals?

Try out a different creative side this week by doing some drama. You could perform by yourself or make up a play with your brothers or sisters. I remember some super acting when we were reading Queen of Darkness, with amazing (and sometimes scary) expressions and voices. I bet the adults in your house would love to see it too - the stage is yours!

Honesty

At the moment we're all spending a lot of time with the same people so it's really important to be honest with them about how we're feeling and any worries we have - talking about things can help us to understand each other better.

Try extra hard to be honest with people in your house this week.
