

Hello Year 4 - I hope that you are keeping safe and well!!

This week, I have made a list of all the skills and activities that I would like to complete while not at school. I have already completed the toilet roll keepie uppies and am currently trying to do two more. Making videos was harder than I thought but I am really enjoying it and I am making one as a gift to my mum for her wedding anniversary.

Have you learned any new skills over the holidays? If you have, let me know. If you can, please send me a photo or messages about any activities you have done to [year4@swaythlingprimary.org](mailto:year4@swaythlingprimary.org) as it's brilliant to see all the wonderful things you have been doing.

This week is the second week of the Easter holidays, therefore I will not be setting any new home learning online; however, you will still be able to complete any activities already set and play the games on Rockstars Times Tables, Manga High and Literacy Planet. I will add more activities to these and the other online resources on Monday.

My theme for this week is going to be: **Easter**

Can you make an animal out of paper?

You can use the internet to help you. I am going to try and make a frog!

**Ready, Steady, Cook!**

**Is there any Easter themed recipes that you know and could make? As you know, I love cake! I would love to know the recipe and I will try to follow it.**

Say your 6 times tables while doing bunny hops!

Don't forget to send pictures or messages about activities you have done to [year4@swaythlingprimary.org](mailto:year4@swaythlingprimary.org)
