

Hi Year 5!

I hope everyone is safe and well and still finding fun activities to do while we are still in lockdown. I am definitely missing all of you and coming to school.

I am still making sure that I facetime at least one of my friends or family members each day to keep in touch and have a catch up. This puts a smile on my face everyday. The weather has been great again this week which has made me very happy. It means my vegetables have been growing well and in a couple of weeks time I will have lots of radishes to eat. My tortoise, who is called Squirt, has also been enjoying the sun!

As my daily exercise yesterday, I went on a bike ride which was really great fun and I came across a field full of beautiful bluebells.

The Elsewhere Emporium has arrived in the post now and I am about to start reading it! EEEEEK!

Miss Bowen :)

Some fun activities for you to try this week at home with your family:

1. Create your own animal with special features.
2. Draw a picture with the hand you don't normally write with.
3. Create a new fitness workout.
4. Recreate a scene from your favourite movie.
5. Bake or make something.

I've also been looking at lots of old photos of when I was younger. It brings back lots of happy memories and I have been laughing alot! Do you have any old photos you can look at?

I won't be setting any work this week as it is still the Easter Holidays but I have loved receiving messages from people and seeing what they have been doing. Remember you can send me a message or any pictures of you doing the activities to [Year5@swaythlingprimary.org](mailto:Year5@swaythlingprimary.org) Have a great week everyone! :)
