

Hello Year 5 - I hope that you are keeping safe and well!

This week has been a bit of an indoor rollercoaster - I have done so many activities that I keep forgetting what I have done! I have been trying to think of activities which I have been wanting to do for a while, but never seem to have the time for, so this week I have done some gardening. I have planted potatoes, radishes, onions, carrots and herbs. I have also been playing lots of board games, my favourite one so far has definitely been cluedo. I like pretending that I'm a detective! I've also set myself a challenge of being able to hold a handstand for 20 seconds. Who thinks I can complete my challenge?

My theme for this week is going to be: **FOOD!**

I have been trying out some new recipes this week as I love cooking, but I know all of you are amazing cooks as well!

I would love it if you could make, bake or cook a recipe and then send me in the instructions so I can have a go. I could even share them with the rest of the class so they can have a go too :)

For example, It could be your favourite sandwich, fruit salad, curry, pie or cake.

send a photo of your food and instructions to year5@swaythlingprimary.org so I can have a go at making it.

Make, bake or cook!

Know your food test!

Get three pieces of food out of your fridge/cupboard and ask someone in your family to play the game with you. Blindfold at least one person who will be the food taster. Without them seeing the food put it in their hand or mouth. Can they guess what food is it without seeing it? You might want to let them smell it first! You could do this with fruit, crisps, sweets, chocolate! Here is a picture of me having a go!

Draw your favourite food with your pen between your toes

Write a letter to your favourite restaurant or chef to ask them some questions. I think I am going to write to Jamie Oliver.

Don't forget to send your pictures and examples of your wonderful home learning to Year5@swaythlingprimary.org I will send you back mine!
