

Hello Year 4 - I hope you are all okay!

This week I have continued to participate in quizzes with friends. A big thank you to all of you that sent me in some amazing facts about predators and the environment as it helped me come in 2nd place! I have also been doing some cooking and made a homemade curry (which was very spicy!).

I have loved seeing all of your home learning that you have done, so please keep sending it in!

My theme for this week is going to be: **Predators and Prey Art**

Here are some ideas of home learning you could do:

We would have been looking at an artist called Beatrix Potter at school. I have put some pictures of her art below. See if you can recreate or create your own piece of art by sketching!

Choose from either: a desert, a rainforest, the sea or the Arctic and research the predators and prey that live there.

Using recycled materials, can you create a model of either a predator or prey.

I have continued with cross stitching at home. I have started to make this for Mrs Jones who has started working for the NHS. Could you create a piece of art to celebrate those that are working so hard and looking after those that need care?

Don't forget to send your pictures and examples of your wonderful home learning to [year4@swaythlingprimary.org](mailto:year4@swaythlingprimary.org)

There are also tasks you can do on MyMaths, Times Table Rockstars, Mangahigh and Literacy Planet and Education City!
