

Hello Year 4 - We are already over half way through this half term!

This week, I have completed even more quizzes and I won one! All our Geography learning really helped me as I got 9 out of 10 on the flag round. I have been on Times Tables Rockstars (I have challenged you all so see if you can beat me!) and Education City doing some activities to help me remember all the different things we have learned this year.

I have received so many pieces of incredible home learning that you have done. I have loved seeing them all so please keep sending it in! I hope you all have a fantastic week!

My Theme this week is: **Country Research Project**

- Choose one country that you are interested in. It could be your home country, or a country you have always wanted to visit.

I would like you to either make a poster, a fact file, a powerpoint or information text about the country you have chosen.

Some things you could find out are:

- The population
- The continent it is in
- Traditions
- National sport
- The countries flag
- Its environment
- Predators and Prey that live there

Don't forget to send your pictures and examples of your wonderful home learning to year4@swaythlingprimary.org

There is so much more you could find out. Be as creative as you can and I look forward seeing your amazing facts!

I went shopping about found that I had £1.35 in my pocket in change. How many different ways can you make £1.35? Draw the coins in groups and send in all your different ways and I'll let you know if you found the correct way! Here is one example that isn't the right one!

There are also tasks you can do on MyMaths, Times Table Rockstars, Mangahigh and Literacy Planet and Education City! There are also lots of books on BugClub to read!
