

# Hello Year 3!

I hope everyone has had a good week and is staying happy and healthy. This week I got a new book which I loved called "Island". It has no words, just beautiful illustrations which let you imagine the thoughts, feelings and words of the characters, and create the story for yourself. Look at the front cover - what do you think might happen? Have fun with this week's activities 😊

Remember to send your pictures, examples of wonderful home learning and any questions to [year3@swaythlingprimary.org!](mailto:year3@swaythlingprimary.org)

Don't forget to do some online learning on Times Table Rock Stars, Manga High, MyMaths, Numbots, Education City and Bug Club!

## THE ANCIENT EGYPTIANS

We are going to focus on Geography this week, to learn more about where Egypt is and what it is like there.

Do some research to answer the following questions:

- Which continent and hemisphere is Egypt in?
- Can you find it on the world map?
- Which famous river runs through Egypt?
- What is the capital city of Egypt?
- Which countries surround Egypt?

← This is what Egypt looks like on Google Earth.

- Can you use Google Earth to explore Egypt? [earth.google.co.uk](http://earth.google.co.uk)
- Discuss the following with an adult or write down your answer: Locate the river which runs through Egypt. What do you notice about the landscape?
- What do you think the climate is like?
- Which parts of Egypt do you think the Ancient Egyptians lived in and why?

**Climate** = the weather conditions in an area in general or over a long period.

Chico's cards are all different. There is a number from 1 - 8 on each card. He has chosen four cards that add up to 20. There are seven different combinations of numbers. Can you find them all?

### Maths Challenge!

This week, I'd like you to write me a story.

Pick one of these two pictures:

What happened before the picture was taken?

What happened next?

See how creative and innovative you can be with your ideas and send me your finished story.

Don't forget to check your punctuation and spelling!

### Innovation

This means being creative and coming up with new ideas. Be really innovative with all your home learning this week!
